

FAIRVIEW LETTER

Tea Rose, Correspondent

Miss Nina Tandy, who has been visiting relatives in this section, for some time, has returned home.

Mr. Guy Brockman and wife, of Ensley, Ala., are visiting relatives in this section.

The town trustees met in called session last Friday night to consider passing an ordinance compelling property owners on Main Street to put down concrete walks. The matter was continued until next regular meeting.

The work which was done by the trustees has been finished in the way of putting new metal on the streets, which will be somewhat rough for some time yet.

Mr. J. F. Danforth and wife, of Hopkinsville, spent a few days this week with Mrs. Danforth's parents.

Mr. Sam Boone and wife, of Clarksville, have returned home after a visit at the home of Mr. James Allen near town.

Mr. J. T. Oliver, of Pembroke, has rented property here, and will move to this place later in the fall.

The Graded School opened last Monday in the old school building until the new one can be built, and having been suspended on it because no hands could be had to do the work. The attendance has been very good for the beginning. The teachers are Prof. H. A. Robinson, principal; John Wade and Miss Ivy

Gray assistants. A two-year High School course will be put on, which will equal any of the kind in the State. The outlook for success of the school is very flattering.

Mr. J. N. Fortright and family have returned to their home in Nashville, after a visit with relatives of a few weeks, near here.

Some concrete work is being done in the city, and a great deal more will be done later on—that of putting down walks on Main street, etc.

Farmers have been very busy for the past week cutting tobacco, and hands are very scarce, they being paid as high as two dollars per day for their work.

Miss Birdie Ray is confined to her bed with an attack of malarial fever though not serious.

Mrs. Vannie Wade and son are visiting relatives in the country this week.

Miss Earl Jones has returned to her home in Providence, Tenn., after a visit with relatives near here.

Miss Ethel Layne, who went to Griffin, Ga., a few weeks ago, to make her home with A. C. Layne, has returned home, she becoming homesick.

Dr. W. S. Petrie spent Friday in Nashville on business.

Mesdames C. M. Brown and W. W. Griffin spent Thursday in Hopkinsville shopping.

Born to the wife Richard Shanklin Jr. who lives on the Butler road, a fine boy last Wednesday. Mother and child doing well.

The cool days that we have had have been very acceptable compared to the hot ones for the past few weeks. Rain is very much needed, as the crop of late corn would be very much benefited, as well as man and best. The corn crop is the largest that has been raised in this section for years, while the tobacco is just about the average, and the growers are expecting about ten dollars per hundred, and some say they will not sell for any less. About all the tobacco has been cut.

Mr. John M. Harned, of Honey Grove, who has been ill for several months, is somewhat improved at this time.

Jeff Boyd and Mrs. Fredrick were arrested near here last Wednesday by Sheriff Lindsay, on a warrant sworn out before County Judge Duffy, charging them with adultery.

Born to Mr. and Mrs. Henry Rives, Wednesday afternoon a girl.

You can now have a suit of clothes or a dress or anything else that you want done in the Dry Cleaning Work done same week as received by Metcalfe's Dry Cleaning Plant.

Pembroke Elopers.

Browder C. Warren and Miss Mary Gray, both of Pembroke, were married at the court house between six and 7 o'clock Wednesday morning. They were runaways from Kentucky and were at the court house when Clerk Davidson reached the office after breakfast. The ceremony was performed by Squire Wylie Smith.—Clarksville Leaf-Chronicle.

FOR SALE—"Original Thoughts or Freemasonry Demonstrated Through the Medium of Geometry." C. B. Brewer, Elkton, Ky. 25 cents.

Wilson Nominated.

Dr. Woodrow Wilson, president of Princeton University, was nominated for Governor of New Jersey by the Democratic State convention.

Better Still.

The Democratic plurality given Frederick W. Plaisted for Governor of Maine is 9,114, according to the complete returns.

PARTING OF WAYS IN TENNESSEE

The Independent Democrats Line Up With Republicans.

HOOVER FOR GOVERNOR.

Refuse Overtures of the Regulars.—Regular Convention Oct. 6.

Nashville, Tenn., Sept. 16.—The Independent Democrats of Tennessee Wednesday endorsed the candidacy of Capt. Ben W. Hoover, Republican nominee for Governor, and further cut loose from the regular wing by referring the latter's harmony resolution to the new independent State executive committee without discussion.

Thus was organized a formidable looking triumvirate to campaign for a Republican Governor, the triumvirate consisting of Republicans, Independent Democrats and State-wide Prohibitionists. The independents and prohibitionists are so closely allied as to largely overlap in their membership.

The possible break in the Solid South, outlined in today's convention, extends only to one office, the governorship. There is a "gentleman's agreement" between the independents and the Republicans that neither party will invade the other's "safe" legislative territory, and this, the independents say, assures a Democratic Legislature. The last Republican Governor in Tennessee was Alvin Hawkins in '81-'82.

The regulars organized to fight the fusionists. A State convention has been called for October 6 to nominate a candidate for Governor and for a new party organization.

Dr. Bell's Pine-Tar-Honey For Coughs and Colds.

What Education Does

In the handling of drugs we are called upon many times a day to bring to bear all our training, education and technical knowledge on even the smallest sales. One very good reason why children can purchase at our store with such safety, for we give them the utmost attention and you are assured that they are supplied with the right drugs. The handling of drugs demands constant care whether in selling or prescription compounding and you get this at our store.

L. L. ELGIN, *The Rexall Store*
HOPKINSVILLE, KY.

Percy Smithson will be with me and will be glad to see all of his old friends.

H. C. MOORE.

ANDERSON'S

FALL OPENING and FASHION SHOW

Thursday and Friday, September 22 and 23

Anderson's Millinery and Ladies' Garments have long been recognized as authoritative in style and most reasonable in price. This is the only house in Western Kentucky to send two young women skilled in the art of millinery to the largest markets of America, to study and select stock.

While Miss Cayce was spending the month of August in New York selecting stock and gathering the best ideas peculiar to New York and the East, Mrs. See, our head trimmer, was given access to the most exclusive millinery parlors of Chicago, and studying styles peculiar to Chicago and the West.

Thus all that's good in Chicago, the metropolist of the West, and New York, the style-center of the East, is brought to Hopkinsville and given to our customers at the most reasonable prices.

Thursday and Friday, September 22 and 23, we promise the most remarkable showing of Fall Millinery ever made in West Kentucky.

500 Beautiful Pattern Hats, each one a separate and authoritative style creation, all that's New in Ladies' Suits, Coats and Garments, Silks, Dress Goods, and the New Fall Rugs will be on display.

EXTRA SPECIAL--GAGE HATS

Over 100 Gage Pattern Hats, each one bearing that indescribable difference that separates these pattern hats from any others shown in America. We are headquarters for Gage Hats and no such showing will be made in a hundred miles of Hopkinsville.

The honor of your presence is requested.

J. H. Anderson & Co. Hopkinsville, Kentucky.
